Jefferson State Community College

Jefferson State Community College utilizes Argos as its primary reporting solution to extract critical administrative, student, and financial aid data directly from the Ellucian Banner database. Following the Alabama Community College System's unified transition to Banner approximately 15 years ago, Argos was integrated to serve as a user-friendly bridge to Banner's complex database tables. For well over a decade, JSCC has relied on Argos DataBlocks to securely generate real-time dashboards, audit compliance tracking, and produce compliance reports without requiring direct database modifications.

Agenda

Identifying the Problems & Finding Solutions
1: Dynamic Forms intake and required forms
2: Banner coding, holds, and control points
3: Degree Works course applicability checks
4: Argos reporting for certifications + enrollment changes

ALABAMA COMMUNITY COLLEGE SYSTEM ACCS

The Problems We're Solving

- Students submit incomplete paperwork or change plans mid-term
- Course schedules drift outside the degree plan, creating certification risk
- Coding and holds are inconsistent without clear checkpoints
- Enrollment changes (adds/drops/withdrawals) require fast, trackable action

Jefferson State Community College

ALABAMA COMMUNITY COLLEGE SYSTEM ACCS

The Process

Step 1

Dynamic Forms: Intake + Required Forms

- Student completes required VA forms
- Program/major intent is captured and verified
- Workflow routes to the right office for review
- Creates a timestamped, auditable trail

Step 2

Banner: Code + Control

- Apply VA benefit indicators/coding
- Place or clear registration holds based on status
- Centralize notes, comments, and key dates
- Keep the student record consistent

Step 3

Degree Works: Degree Applicability Check

- Confirm courses apply to declared major
- Catch elective or out-of-plan courses early
- Document exceptions when applicable
- Prevent improper certifications

Step 4

Argos: Track + Monitor

- Run certification status reports
- Monitor adds, drops. & withdrawals
- Track term-to-term trends and workload
- Support compliance/audit readiness

Good afternoon, Mr. Sipe,

Thank you for reaching out regarding the Joint Services Transcript evaluation.

After reviewing the transcript and the ACE Identifiers provided, we have made the following course equivalency recommendations based on the student's military training:

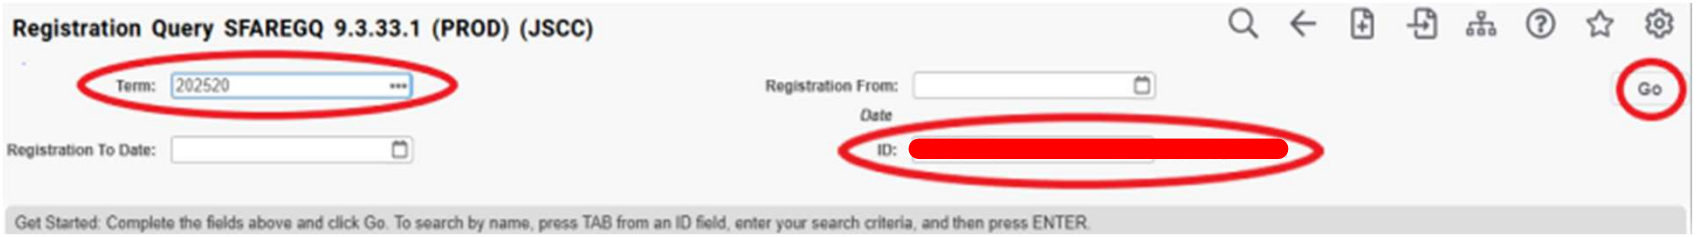

NEC-7618 → Equivalent to **AUT130 Hydraulics and Pneumatics**
NER-AS-003 → Equivalent to **ELM200 DC Circuits**
NER-AS-004 → Equivalent to **ELM201S AC Circuits**
Also covers material in **ELM205 Electronics 1**
NEC-7616 → Equivalent to **MET220 Mechanical Systems 1**
Also covers material in **MET190 Mechanical Tools**
NEC-7615 → Equivalent to **ELM215 Industrial Controls**
NEC-7222 → Equivalent to **AUT186 Industrial Maintenance Welding**

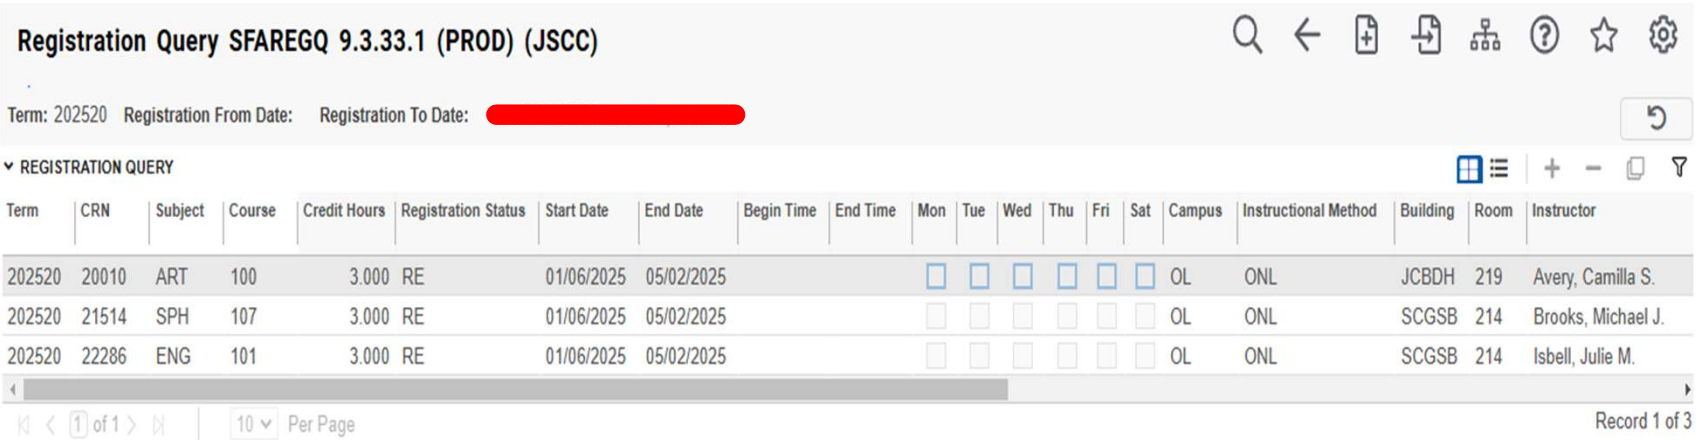

Please let us know if you need any additional information or documentation to proceed.
